

UI Prototype

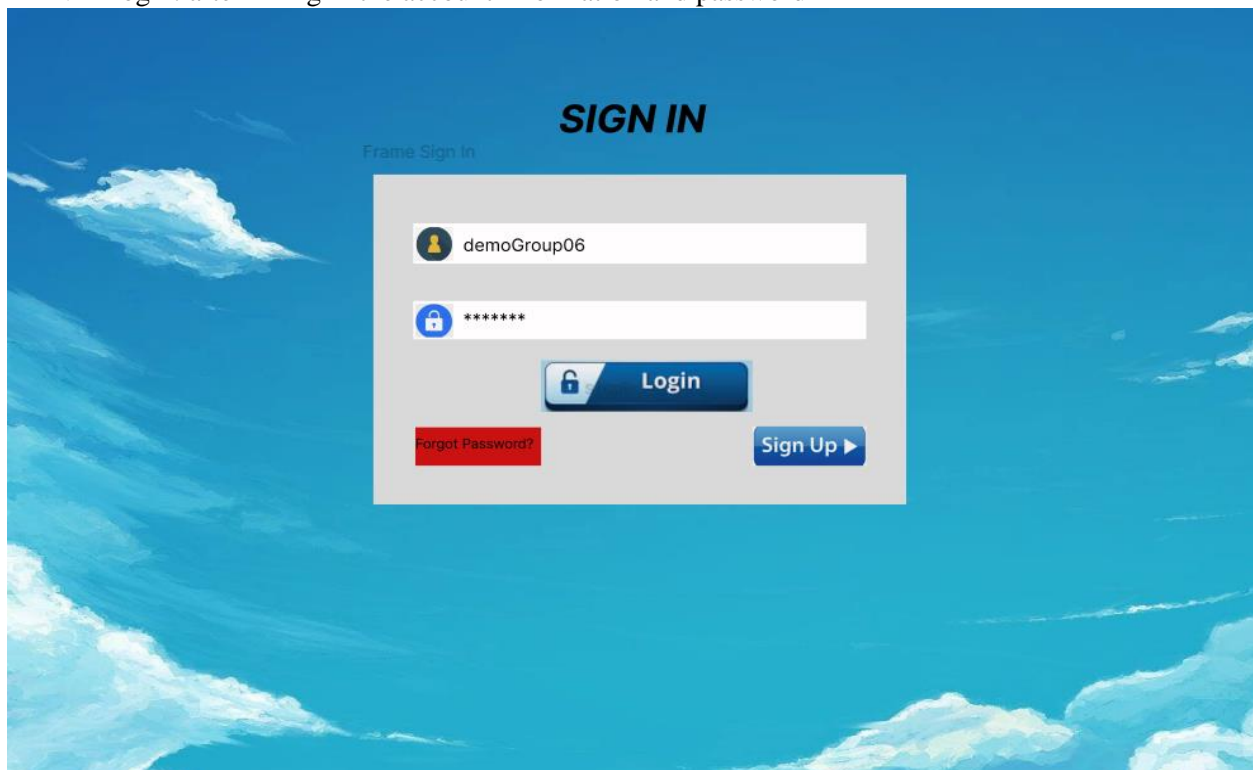

Sign In & Sign Up:

Description:

On the login screen, there will be 3 items that can be clicked to trigger a new page:

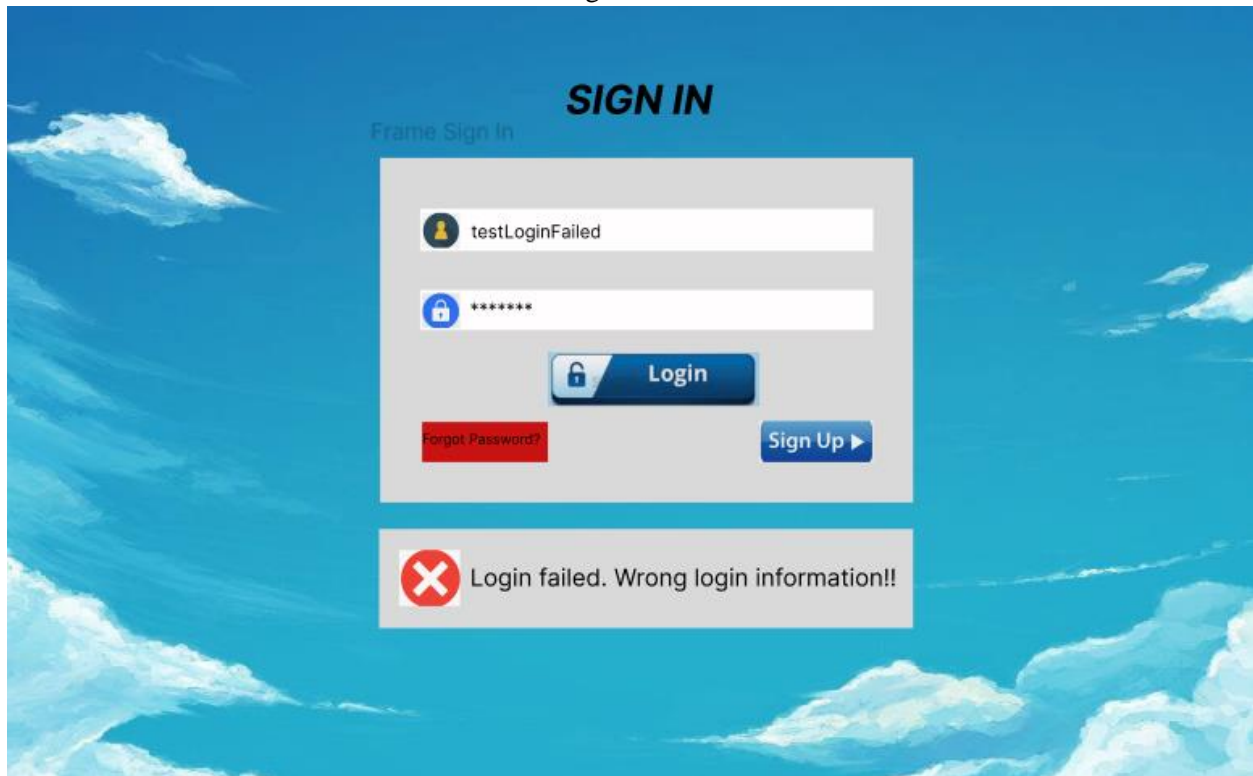

- ❖ Login: after filling in the account information and password

- Here users can click on the Login button to proceed with logging into the system.
 - User successfully logged in:

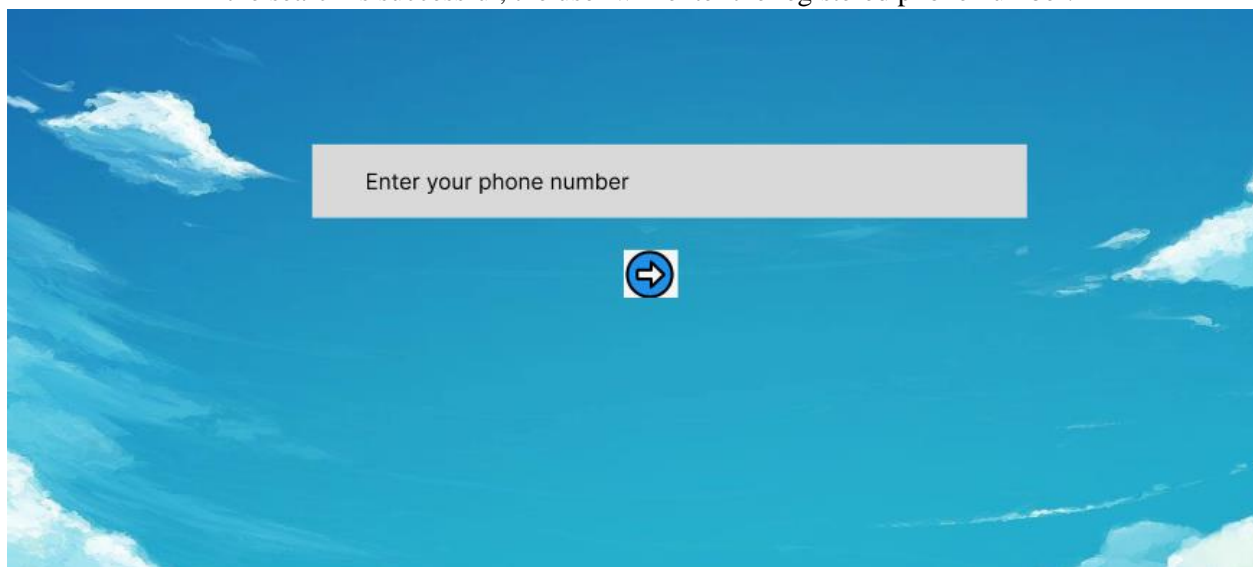

- User entered incorrect login information:

- ❖ Forgot Password?
 - First, the system will display a square for the user to enter the account name and search.

- If the search is successful, the user will enter the registered phone number.

- Here. The user will be sent an OTP to the phone number. Enter the OTP and change the new password.

Enter OTP

Enter your new password

Enter new password again

SUBMIT

- If successful, the user will be returned to the main screen. Here, Users can enter the newly changed account and password to access the website.
- If it fails, the system will notify that the user has not entered the correct OTP information or the password entered does not match.

! Error!!!

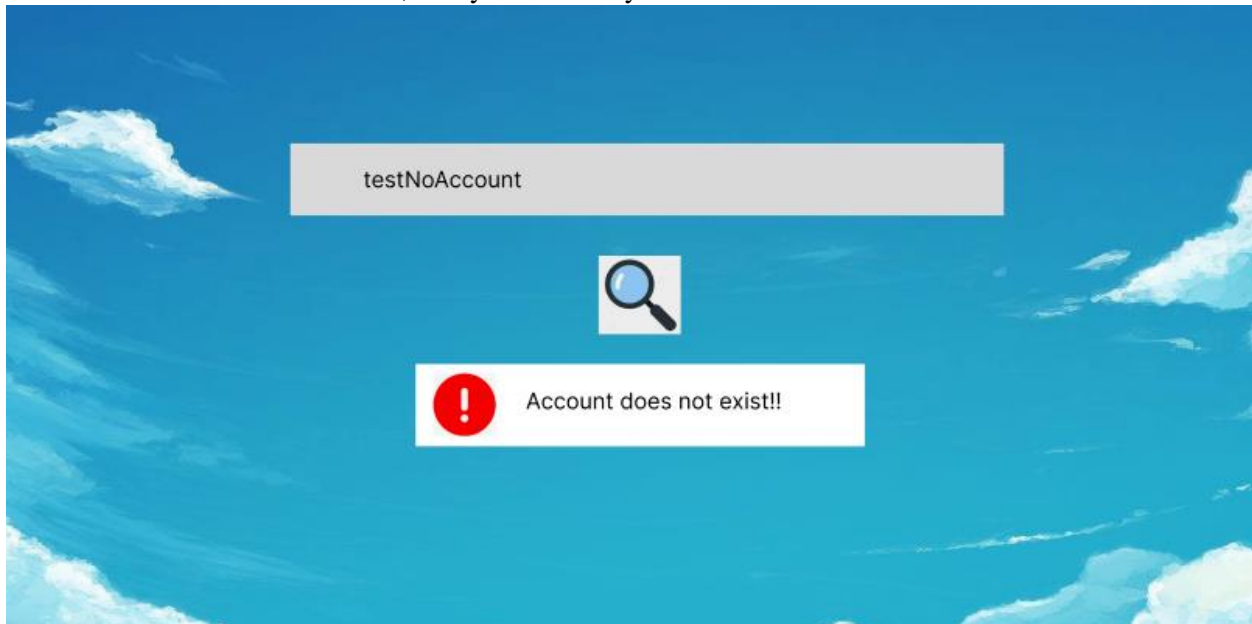

256585

Group06ChangePassword

Group06ChangePassword

SUBMIT

- If the search fails, the system will say the account is not available.

❖ Sign Up

- Users will be asked to enter information including:
 - Account name
 - Password (password will be asked to re-enter once to confirm that the user entered the correct password)
 - Phone number

A screenshot of a sign-up form with a blue sky and clouds background. It features four grey input fields stacked vertically. The first field is labeled 'Enter your account name', the second and third are both labeled 'Enter password', and the fourth is labeled 'Enter your phone number'. Below the input fields is a blue circular button with a white right-pointing arrow.

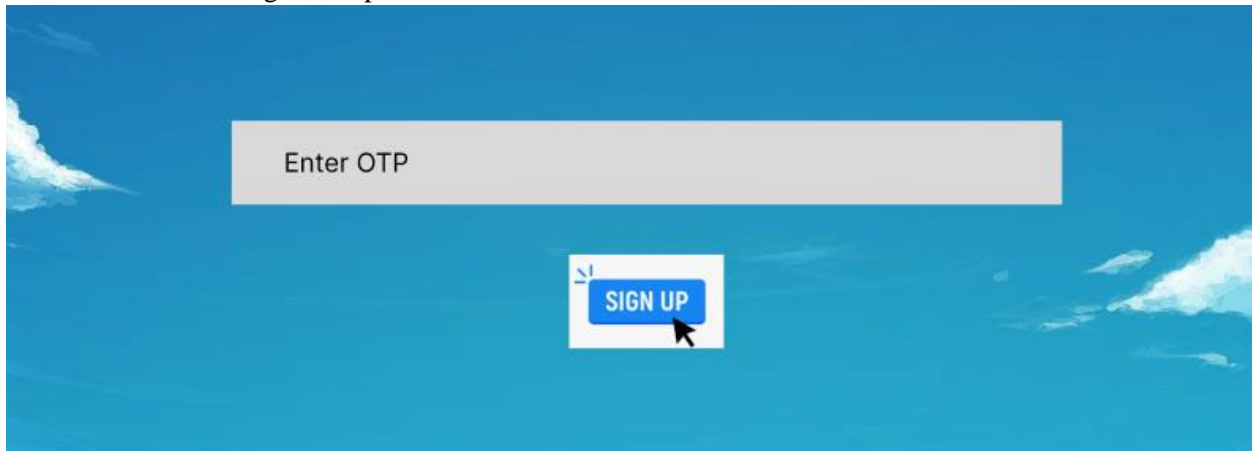

- If the account or phone number is already in the system's data list. The system will report an error and ask the user to choose another name or phone number to register.
 - Register for an existing account:

The image shows a registration form with a blue sky background. At the top, a white error box with a red exclamation mark icon contains the text "This account already exists!!". Below the error box are four input fields with the following text: "taiKhoanDaCo", "demo123", "demo123", and "0389193565". At the bottom center is a blue circular button with a white right-pointing arrow.

- Register with the phone number used to register for another account before:

The image shows a registration form with a blue sky background. At the top, a white error box with a red exclamation mark icon contains the text "This phone number is registered!!!". Below the error box are four input fields with the following text: "taiKhoanGroup06", "demo123", "demo123", and "0389193565". At the bottom center is a blue circular button with a white right-pointing arrow.

- Then the user clicks on the arrow icon. The system will verify and send the OTP code to the registered phone number.

- Sign up Success. The user will be returned to the login screen and begin to log in to the newly created account.
